

You can view and submit assignments from your Dashboard or the My Assignments tab. For Textbooks and Workbooks assignments, you will complete your work directly in your physical book(s), not inside the platform.

Step 1: Log In

- Go to the Singapore Math Hub at: <https://hub.singaporemath.com>
- Enter your username and password.
- Click “Sign In.”

Step 2: Find Your Assignment

- Assignments can be found:
 - On your Dashboard
 - In the “My Assignments” tab
 - You can also use the “Due Today” tab to see assignments due today.

Step 3: Click “Start”

- Click the “Start” button next to the assignment.
- For E-books:
 - This will open the lesson pages.
 - Scroll up and down or use the built-in arrows to toggle between pages.
- For videos:
 - A pop-up will appear.
 - Click the play button to begin watching the video.

Step 4: Complete the Work

- If your assignment is a video, be sure to watch the entire video and follow along in your physical book(s).
- If your assignment is from your Textbook or Workbook, do your work in your physical book, not on the platform. The online assignment just shows you which pages to complete in your book.

Step 5: Submit the Assignment

- Click the “Submit” button
- Confirm by clicking “Yes” in the pop-up window.
- If you are not ready, click “No.”

After Submitting

- The assignment will move from “Current” to “Closed.”
- You may see “Waiting on Grade.” Your teacher might share your grade in class or on a different grading platform instead.
- Closed assignments may appear as “Locked.”
